## Catching a Counterfeiter

Time: 12:00pm

Location: Gittis 213

What do the Department of Homeland Security (DHS) and Immigration and Customs Enforcement (ICE) have to do with intellectual property?

Join PIPG and Bruce Foucart, the Director of the National Intellectual Property Rights Coordination Center at DHS, for a lunchtime chat on how DHS assists with the enforcement of intellectual property. Bruce's work includes coordinating with international public and private entities to prevent the importation of everything from counterfeit pharmaceuticals to fake bikes.

NON-PIZZA lunch will be served!

Sponsored by the Deans Speaker Fund.
