On Wednesday, November 7, at noon, please join the Federalist Society in welcoming Carrie Severino, Chief Counsel and Policy Director of the Judicial Crisis Network, for a discussion on the legacy of Justice Clarence Thomas. After graduating from Harvard Law, Ms. Severino clerked for Judge David Sentelle (DC Cir.) and Justice Thomas. After twenty-seven years on the bench, his legacy is already being debated; ThinkProgress, a progressive outlet, declared him the "most important legal thinker of his generation." Professor Mitchell Berman will also participate in the discussion. The event will take place in Gittis 214, and food, including a Kosher option, from Mama's Vegetarian will be served.
